MUNICIPAL MANAGER'S QUALITY CERTIFICATE

I, Z.A. WILLIAMS, in my capacity as the Municipal Manager of the Joe Gqabi District Municipality submit this Service Delivery and Budget Implementation Plan (SDBIP) for the 2015/16 financial year for approval by the Executive Mayor. This SDBIP is submitted to the Executive Mayor in compliance with Section 69 (3) (a) and (b) of the Local Government: Municipal Finance Management Act, Act 56 of 2003 (MFMA). This SDBIP was prepared in terms of National Treasury's Circular 13, the MFMA and its Regulations.

Z.A. Williams
MUNICIPAL MANAGER

Date

EXECUTIVE MAYOR'S APPROVAL

I, Zibonele Dumzela in my capacity as the Executive Mayor of the Joe Gqabi District Municipality, hereby approve the Service Delivery and Budget Implementation Plan (SDBIP) of the Joe Gqabi District Municipality for the 2015/16 financial year as required in terms of Section 53(1) (c) (ii) of the Local Government: Municipal Finance Management Act, Act No. 56 of 2003.

Clr Z.I. Dumzela
EXECUTIVE MAYOR

25/06/2015
Date

PART 1: BACKGROUND

1.1. Introduction

The Service Delivery and Budget Implementation Plan (SDBIP) gives effect to the IDP and the budget of the municipality. The Service Delivery Budget Implementation plan (SDBIP) is an implementation plan that serves as a contract between the administration, Council, and the community. It is an expression of the objectives in quantifiable outcomes that will be implemented by the administration for the financial period from 1 July 2015 to 30 June 2016 which is the 2015/16 financial year. It includes the financial information, capital projects and service delivery targets and performance indicators for each quarter which is linked to the performance agreements of senior management. It therefore facilitates oversight over financial and non-financial performance of the municipality. It allows the Municipal Manager to monitor the performance of the Directors, the Mayor/Council to monitor the performance of the Municipal Manager, and the Community to monitor the performance of the District municipality.

The content of this document is high-level and strategic and is intended for utilization by the general public and Councillors. It is the first level of linkage between the IDP and the budget. The SDBIP is a layered plan, with the top layer of the plan dealing with consolidated service delivery targets. Only the top layer of the projected financial and non-financial performance information pyramid is published as the institutional SDBIP.

The SDBIP for the 2015/16 financial year is based on the Final IDP and Final Budget as approved by the Council of the Joe Gqabi District Municipality in May 2015. This SDBIP shall inform the manner in which the departmental scorecards for the 2015/16 financial year will be structured. The SDBIP interprets the five-year Integrated Development Plan into a twelve-month contract between the Administration, Council, and Community thereby expressing the goals and objectives set by the Council as quantifiable outcomes to be implemented by the administration.

The SDBIP will be used to facilitate oversight over financial and non-financial performance of the municipality, and allows the Municipal Manager, as the accounting officer, to monitor the performance of the various departmental directors, the Executive Mayor and Council to monitor the performance of the Municipal Manager, and the Community to monitor the performance of the municipality against end-of-year targets.

1.2 Legislative Imperative

In terms of Section 1(i) of the MFMA, the SDBIP is defined as: *"a detailed plan approved by the mayor of a municipality in terms of section 53(1) (c) (ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include (as part of the top-layer) the following:*

(a) projections for each month of-

- (i) revenue to be collected by source; and
- (ii) operational and capital expenditure, by vote;
- (b) service delivery targets and performance indicators for each quarter; and
- (c) any other matters that may be prescribed."

In terms of the MFMA, the process for the finalisation of the SDBIP is as follows:

- The Accounting Officer (Municipal Manager) is required to submit a draft SDBIP to the Executive Mayor within 14 days of the approval of the Budget; and
- The Executive Mayor is expected to approve the SDBIP within 28 days of the approval of the Budget;
- The Executive Mayor is required to make public the SDBIP no later than 14 days after its approval.

1.3 SDBIP Cycle

1.4 Reporting on the SDBIP

This section covers reporting on the SDBIP as a way of linking the SDBIP with the oversight and monitoring operations. The SDBIP provides an excellent basis for generating all the necessary and required reports in terms of legislation. Key reporting tools and mechanisms include financial ratios, monthly reporting, quarterly reporting, mid-year reporting and annual report.

1.4.1 Financial Ratios

The Ratios and Norms will be used to assess financial position and performance, quality of budgeting, management, and other characteristics of the District municipality. They should provide a holistically overview of the financial health of the Municipality. The use of these

Ratios and Norms should assist management, Council and its structures to predict, identify, prevent, avoid, and resolve financial problems/crisis timeously and serve as an early warning mechanism. It is important that these indicators are not seen or used in isolation of one another but used in a combined manner so as to provide a holistic picture of the financial status of the municipality or municipal entity.

1.4.2 Monthly Reporting

Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality no later than 10 working days, after the end of each month. Reporting must include the following:

- a) actual revenue, per source;
- b) actual borrowings;
- c) actual expenditure, per vote;
- d) actual capital expenditure, per vote;
- e) the amount of any allocations received

If necessary, explanation of the following must be included in the monthly reports:

- a) any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;
- b) any material variances from the service delivery and budget implementation plan and;
- c) any remedial or corrective steps taken or to be taken to ensure that the projected revenue and expenditure remain within the municipalities approved budget.

1.4.3 Quarterly Reporting

Section 52 (d) of the MFMA compels the mayor to submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality within 30 days of the end of each quarter. The quarterly performance projections captured in the SDBIP form the basis for the mayor's quarterly report.

1.4.4 Mid-year Reporting

Section 72 (1) (a) of the MFMA outlines the requirements for midyear reporting. The Accounting Officer is required by the 25th January of each year to assess the performance of the municipality during the first half of the year taking into account –

- a) the monthly statements referred to in section 71 of the first half of the year
- b) the municipalities service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
- c) the past year's annual report, and progress on resolving problems identified in the annual report; and
- d) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities.

Based on the outcomes of the mid-year budget and performance assessment report, an adjustment budget may be tabled if actual revenue or expenditure amounts are materially

different from the projections contained in the budget or the SDBIP. The SDBIP is also a living document and may be modified based on the mid-year performance review. Thus the SDBIP remains a kind of contract that holds the District accountable to the community.

1.4.5 Annual Report

Section 121 of the MFMA deals with the preparation and adoption of annual reports. The Section requires that every municipality and every municipal entity must for each financial year prepare an annual report. The council of a municipality must within nine months after the end of a financial year deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control. The purpose of an annual report is:

- a) to provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates;
- b) to provide a report on performance against the budget of the municipality or municipal entity for that financial year;
- c) to promote accountability to the local community for the decisions made throughout the year by the municipality or municipal entity.

1.5 Monitoring, Measuring, Evaluating and Reviewing performance

Monitoring and measuring are the processes and procedures to collect, collate and analyse organisational performance data on an on-going basis to determine whether planned performance targets have been met, exceeded or not met. It will take place on a quarterly and an annual basis.

The performance evaluation results are determined by regular meetings of management, Council and its committees to establish:

- a) Year- to- date performance progress and reasons for variances for both under- or over performance; and
- b) Remedial action (effective methods of correction or enhancement), when necessary, which need to be taken to achieve the agreed performance targets.

1.6 Auditing and Oversight

Internal Audit and Audit Committee (includes the Performance Management committee) review the performance management system for functionality, performance information and compliance. The Auditor General and Joe Gqabi Public Accounts Committee (MPAC) reviews the Annual Report.

2.3 Financial Ratios

RATIO	FORMULA	ANNUAL TARGET
Capital Expenditure to Total Expenditure	Total Capital Expenditure / Total Expenditure (Total Operating expenditure + Capital expenditure) × 100	34%
Impairment of Property, Plant and Equipment, Investment Property and Intangible assets (Carrying Value)	Property, Plant and Equipment + Investment Property + Intangible Assets Impairment/(Total Property, Plant and Equipment + Investment Property + Intangible Assets) × 100	0%
Repairs and Maintenance as a % of Property, Plant and Equipment and Investment Property (Carrying Value)	Total Repairs and Maintenance Expenditure/ Property, Plant and Equipment and Investment Property (Carrying value) x 100	1%
Collection Rate	(Gross Debtors Closing Balance + Billed Revenue - Gross Debtors Opening Balance - Bad Debts Written Off)/Billed Revenue x 100	-30%
Bad Debts Written-off as % of Provision for Bad Debt	Bad Debts Written-off/Provision for Bad debts x 100	0%
Net Debtors Days	(Gross Debtors - Bad debt Provision)/ Actual Billed Revenue) × 365	309 days
Cash / Cost Coverage Ratio (Excl. Unspent Conditional Grants)	(Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, Provision for Bad Debts, Impairment and Loss on Disposal of Assets)	1 months
Current Ratio	Current Assets / Current Liabilities	2.38
Capital Cost(Interest Paid and Redemption) as a % of Total Operating Expenditure	Capital Cost(Interest Paid and Redemption) / Total Operating Expenditure x 100	0%
Debt (Total Borrowings) / Revenue	(Overdraft + Current Finance Lease Obligation + Non-current Finance Lease Obligation + Short Term Borrowings + Long term borrowing) / (Total Operating Revenue - Operational Conditional Grants) x 100	63%
Level of Cash Backed Reserves (Net Assets - Accumulated Surplus)	(Cash and Cash Equivalents - Bank overdraft + Short Term Investment + Long Term Investment - Unspent grants) / (Net Assets - Accumulated Surplus - Non Controlling Interest Share Premium - Share Capital - Fair Value Adjustment - Revaluation Reserve) x 100	3%
Net Operating Surplus Margin	(Total Operating Revenue - Total Operating Expenditure)/Total Operating Revenue	-11%
Net Surplus /Deficit Water	Total Water Revenue less Total Water Expenditure/Total Water Revenue × 100	-426%
Net Surplus /Deficit Sanitation and Waste Water	Total Sanitation and Waste Water Revenue less Total Sanitation and Waste Water Expenditure/Total Sanitation and Waste Water Revenue × 100	-240%
Water Distribution Losses (Percentage)	(Number of Kilolitres Water Purchased or Purified - Number of Kilolitres Water Sold) / Number of Kilolitres Water Purchased or Purified × 100	5%
Growth in Number of Active Consumer Accounts	(Period under review's number of Active Debtor Accounts - previous period's number of Active Debtor Accounts)/ previous number of Active Debtor Accounts x 100	0%
Revenue Growth (%)	(Period under review's Total Revenue - previous period's Total Revenue)/ previous period's Total Revenue) x 100	-7%

RATIO	FORMULA	ANNUAL TARGET
Revenue Growth (%) - Excluding capital grants	$(\text{Period under review's Total Revenue Excluding capital grants} - \text{previous period's Total Revenue excluding capital grants}) / \text{previous period's Total Revenue excluding capital grants} \times 100$	20%
Creditors Payment Period (Trade Creditors)	$\text{Trade Creditors Outstanding} / \text{Credit Purchases (Operating and Capital)} \times 365$	30 days
Irregular, Fruitless and Wasteful and Unauthorised Expenditure as a % of Total Operating Expenditure	$(\text{Irregular, Fruitless and Wasteful and Unauthorised Expenditure}) / \text{Total Operating Expenditure} \times 100$	0%
Remuneration as % of Total Operating Expenditure	$\text{Remuneration (Employee Related Costs and Councillors' Remuneration)} / \text{Total Operating Expenditure} \times 100$	40%
Contracted Services % of Total Operating Expenditure	$\text{Contracted Services} / \text{Total Operating Expenditure} \times 100$	0%
Own funded Capital Expenditure (Internally generated funds + Borrowings) to Total Capital Expenditure	$\text{Own funded Capital Expenditure (Internally generated funds + Borrowings)} / \text{Total Capital Expenditure} \times 100$	11%
Own funded Capital Expenditure (Internally Generated Funds) to Total Capital Expenditure	$\text{Own funded Capital Expenditure (Internally Generated Funds)} / \text{Total Capital Expenditure} \times 100$	11%
Own Source Revenue to Total Operating Revenue(Including Agency Revenue)	$\text{Own Source Revenue (Total revenue - Government grants and Subsidies - Public Contributions and Donations)} / \text{Total Operating Revenue (including agency services)} \times 100$	69%
Capital Expenditure Budget Implementation Indicator	$\text{Actual capital Expenditure} / \text{Budget Capital Expenditure} \times 100$	100%
Operating Expenditure Budget Implementation Indicator	$\text{Actual Operating Expenditure} / \text{Budgeted Operating Expenditure} \times 100$	100%
Operating Revenue Budget Implementation Indicator	$\text{Actual Operating Revenue} / \text{Budget Operating Revenue} \times 100$	100%
Service Charges and Property Rates Revenue Budget Implementation Indicator	$\text{Actual Service Charges and Property Rates Revenue} / \text{Budget Service Charges and Property Rates Revenue} \times 100$	50%

Aliwal North - Upgrade of the sewer gravity line from Polar Park to Waste Water Treatment Works	Maletswai	R 6 000 000	COGTA	CAPITAL	R 6 000 000	R 0	R 0

PART 5: CONCLUSION

The Service Delivery and Budget Implementation Plan (SDBIP) is a key management, implementation and monitoring tool which provides operational content to the in-year service delivery performance of the Joe Gqabi District Municipality as set out in the Council approved budget and IDP for the 2015/16 financial year. It determines the performance agreements for the Municipal Manager and all senior managers who report directly to the Municipal Manager. Performance will be monitored through Section 71 monthly reports and evaluated through the quarterly reporting process and annually through the annual reporting processes.
